16<sup>th</sup> November 2018

**School Grounds Day**  
**Friday 23<sup>rd</sup> November**

Dear Parents,

We will be having a School Grounds Day on Friday next week. Jobs for the day will include collecting leaves and sweeping the playground and pathways around the school. The children will be working with each other in small teams with older pupils helping the younger children with tasks. Class 3 will also be improving pathways on the bank. We will be working to music during the morning and there will be a fire and the chance to roast marshmallows during the afternoon.

The children should wear old warm clothes, waterproof jacket and trousers and boots. They will also need a hat and gloves.

Parents are welcome to join us and help throughout the day. Class 3 would appreciate help levelling paths on the bank and cutting back brambles and blackthorn (please bring a spade and loppers or secateurs along).

**It would be most appreciated if Class 2 and Class 3 children could bring rakes and brushes into school. Please name label all kit.**

Yours sincerely,

David Lockley
