Progress (Y2 - Y6)

READING	WRITING	MATHEMATICS
2.7 (-0.4 to 5.9)	-1.9 (-4.8 to 1.0)	-1.1 (-3.8 to 1.7)

Data in brackets is the confidence interval:

The national average progress score of all state-funded mainstream school scores will be 0:

- When a school has their lower confidence interval limit higher than zero, the school's progress score is above average and the result is statistically significant.
- When a school has their upper confidence interval limit lower than zero, the school's progress score is below average and the result is statistically significant.
- In the other cases when the confidence interval straddles zero, we cannot say with confidence whether the school's progress score is above or below average, and say the result is not statistically significantly different from average.
