

Brockton C.E. Primary School's

Bulletin

Friday 1st October

Dear Parents

Thank you for your support at the Macmillan coffee morning. We really appreciate your generous donations towards Macmillan Cancer Support. We have raised an amazing £271 - that's a lot for one school! Thank you to the dance team for creating such a fabulous performance. Well done to the singers, and in particular Ramon, who made the morning very special. We hope you enjoyed it and had a tasty treat!

We would also like to thank Sarah, John and Tilly Kennils for spending their weekend battling with our nettles. We are extremely grateful for your help!

It is our Harvest service next week. We are gratefully accepting any donations of food for the Bridgnorth and Church Stretton food banks. Non-perishables such as tins and packets are ideal. Fresher produce will be shared with local elderly residents.

It is with great sadness that Michele Powell-Bevan has left us. She was an amazing member of staff who was fantastic at her job, kind and always had a smile for everyone. We wish her the best and we will miss her very much!

Enjoy the wet weekend!

Brockton Staff

2021 - 2022 Term Dates

Thursday 7th October

Harvest Festival Shipton (sorry no parents)

Thursday 21st October

Grounds Day - Outdoor clothes

Friday 22nd October

Seth Allsop

Mrs Wright

Rose Jacques
Beth Castle

Charlotte

Joe Lockley
Ramon Jesshope

Class 1

Class 1 have been reading the book 'Here We Are' by Oliver Jeffers. Inspired by the ideas in this book we have written a song, a poem and thought about how the people on this planet are wonderfully different. In maths we have been carrying out addition and subtraction. For the last fortnight we have been geographers. We have looked at maps of our local area, identified features and thought about how the land is used.

Class 2

Class 2 have been reading 'The Whale' by Ethan and Vita Murrow. We have been writing our own version of the story. In maths we have been learning about multiplication (please learn the times tables at home). In our topic work we have begun our work on sustainability.

Class 3

In literacy the children have carried out work based on 'Why the Whales Came'. They have been analysing characters and looking at the poem 'The Harvest Moon' by Ted Hughes. In maths the children have been exploring mental strategies for subtraction. In science the children have built a parallel circuit which would be suitable for Christmas tree lights and made Electric Eel games. Class 3 have also carried out a school dinner survey. They have chatted with the school cook, who is now going to make changes based on their good ideas.
