

Brockton C.E. Primary School

Progression of Skills in Computing

Computer Science	EYFS	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
Computing PoS	Pupils should be taught to: complete a simple program on a computer.	Pupils should be taught to: understand what algorithms are; how they are implemented as programs on digital devices; and that programs execute by following precise and unambiguous instructions, create and debug simple programs, use logical reasoning to predict the behaviour of simple programs.		Pupils should be taught to: design, write and debug programs that accomplish specific goals, including controlling or simulating physical systems; solve problems by decomposing them into smaller parts, use sequence, selection, and repetition in programs; work with variables and various forms of input and output, use logical reasoning to explain how some simple algorithms work and to detect and correct errors in algorithms and programs select.			
Skills	<ul style="list-style-type: none"> -I can program a toy (Bee-Bot) using simple instructions -I understand that I control the programmable toy -I can use a suitably aged program on a computer effectively 	<ul style="list-style-type: none"> -I understand that a programmable toy can be controlled by inputting a sequence of instructions. -I can develop and record sequences of instructions as an algorithm. -I can program a toy to follow an algorithm -I can debug my programs -I can predict how a program will work -I can break down a process into simple, clear steps, as in an algorithm 	<ul style="list-style-type: none"> -I have a clear understanding of algorithms as sequences of instructions -I can convert simple algorithms to programs -I can predict what a simple program will do -I can spot and fix debugs in my programs -I can describe what happens in computer games -I can use logical reasoning to make predictions -I can test my predictions 	<ul style="list-style-type: none"> -I can create an algorithm for an animated scene in the form of a storyboard -I can write a program in Scratch to create the animation -I can correct mistakes in animation programs -I can develop a number of strategies for finding errors in programs -I have an increasing knowledge of Scratch -I can recognise a number of common types of bugs in software 	<ul style="list-style-type: none"> -I can develop an educational game using selection and repetition -I understand and can use variables -I am beginning to debug computer programs -I can design and make an on-screen prototype of a computer-controlled toy -I understand different forms of input and output -I can design, write and debug the control and monitoring program for my toy -I can use HTML tags for elementary mark up -I can use hyperlinks to connect ideas and sources -I can code up a simple web page with useful content 	<ul style="list-style-type: none"> -I can create original artwork and sound for a game -I can design and create a computer program for a computer game, which uses sequence, selection, repetition and variables -I can detect and correct errors in my computer game -I can use iterative development techniques (making and testing a series of small changes) to improve my game -I am familiar with semaphore and morse code 	<ul style="list-style-type: none"> -I can learn some of the syntax of a text-based programming language -I can use commands to display text on screen, accept typed user input, store and retrieve data using variables and select from a list -I can plan a text-based adventure with multiple 'rooms' and user interaction -I can thoroughly debug the program -I am developing the ability to reason logically about algorithms -I understand how key algorithms can be expressed as programs -I understand that some algorithms are more efficient than others for the same problem -I understand common algorithms for sorting and searching

Vocabulary	Click, On/Off, Up, Down, Space, Left, Right, Clear	Instructions, Input, Sequence Plus vocabulary learnt in prior years.	Scratch, Test, Predict, Algorithm, Robot, Debug, Program Plus vocabulary learnt in prior years.	Animation, Software. Code Plus vocabulary learnt in prior years.	HTML, HTTP, Hyperlink, URL, tag, input, output, simulation, interactive, prototype Plus vocabulary learnt in prior years.	Binary Code, Cipher, Decrypt, Encrypt, Morse Code, Semaphore Plus vocabulary learnt in prior years.	Python, Variable, Procedure, Syntax, Flowchart, Pseudocode, Linear Search, Random Search, Binary Search, Quicksort, Selection Sort Plus vocabulary learnt in prior years.
Information Technology	EYFS	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
Computing PoS	Pupils should be taught to: use ICT hardware to interact with age-appropriate computer software.	Pupils should be taught to: use technology purposefully to create, organise, store, manipulate and retrieve digital content and recognise common uses of information technology beyond school.		Pupils should be taught to: use and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems and content that accomplish given goals, including collecting, analysing, evaluating and presenting data and information.			
Knowledge	Uses ICT hardware to interact with age-appropriate computer software.	To begin to use technology purposefully to organise, store and retrieve digital content. To begin to recognise common uses of information technology beyond school. To begin using technology purposefully to create and manipulate digital content.	To become secure using technology purposefully to organise, store and retrieve digital content. To become secure with recognising common uses of information technology beyond school. To be secure in using technology purposefully to create and manipulate digital content.	To begin to select, use and combine a variety of software (including internet services) on a range of digital devices. To begin to design and create a range of programs, systems and content that accomplish given goals. To begin collecting, analysing, evaluating and presenting data and information.	Select, use and combine a variety of software (including internet services) on a range of digital devices. Design and create a range of programs, systems and content that accomplish given goals. Collecting, analysing, evaluating and presenting data and information.	To begin to be secure with selecting, using and combining a variety of software (including internet services) on a range of digital devices. To begin to be secure in designing and creating a range of programs, systems and content that accomplish given goals. To begin to be secure in collecting, analysing, evaluating and presenting data and information.	To be secure with selecting, using and combining a variety of software (including internet services) on a range of digital devices. To be secure with designing and creating a range of programs, systems and content that accomplish given goals. To be secure with collecting, analysing, evaluating and presenting data and information.

<p>Skills</p>	<ul style="list-style-type: none"> -I know how to turn the computer on/off -I can use the mouse effectively to achieve a desired outcome -I am beginning to use the keyboard effectively -I can use age-appropriate software correctly. 	<ul style="list-style-type: none"> -I can use different features of a video camera -I can select and use appropriate tools -I can use simple sound recording equipment 	<ul style="list-style-type: none"> -I can use a digital camera or camera app -I can edit and enhance photographs -I can record information on a digital map -I can collect data using tick charts or tally charts -I can use simple charting software to produce pictograms and other basic charts 	<ul style="list-style-type: none"> -I am gaining skills in shooting live video, holding the camera steady and reviewing -I can edit videos, add narration and set in/out points -I can search for and evaluate online images 	<ul style="list-style-type: none"> -I can use computer-based data logging to automate the recording of some weather data -I can analyse data, explore inconsistencies and make predictions -I can use one or more programs to edit music -I can create and develop a musical composition, refining ideas through reflection and discussion -I can research for a purpose 	<ul style="list-style-type: none"> -I am developing my research skills to decide which information is appropriate -I understand some elements of how search engines select and rank results -I am developing a familiarity of a simple CAD (computer aided design) tool -I understand the work of architects and engineers working in 3D -I can explore and experiment with 3D virtual environments, developing my spatial awareness 	<ul style="list-style-type: none"> -I appreciate that computer networks transmit and receive information digitally -I understand the basic hardware needed for computer networks to work -I understand key features of internet communication protocols -I can shoot suitable original footage and source additional content, acknowledging intellectual property rights -I understand how domain names are converted to numerical IP addresses
<p>Vocabulary</p>	<p>Mouse, Keyboard, Monitor, Printer, Cursor</p>	<p>Plus vocabulary learnt in prior years.</p>	<p>Pixel, Picasa, Portfolio, Chart, Classification Key, Data, Database</p> <p>Plus vocabulary learnt in prior years.</p>	<p>Internet, The Web,</p> <p>Plus vocabulary learnt in prior years.</p>	<p>Data-logging, spreadsheet, sample, software, copyright,</p> <p>Plus vocabulary learnt in prior years.</p>	<p>Geometric, Landscape, op art, Symmetry, Tessellations, Screencast, Navigation</p> <p>Plus vocabulary learnt in prior years.</p>	<p>Command Prompt, IP address, Packet of Data, Webserver, Domain Name Service (DNS)</p> <p>Plus vocabulary learnt in prior years.</p>

Digital Literacy including E-Safety	EYFS	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
Computing Pos		<p>Pupils should be taught to: use technology purposefully to create, organise, store, manipulate and retrieve digital content.</p> <p>Pupils should be taught to: use technology safely and respectfully, keeping personal information private; identify where to go for help and support when they have concerns about content or contact on the internet or other online technologies.</p>		<p>Pupils should be taught to: understand computer networks including the internet; how they can provide multiple services, such as the world wide web; and the opportunities they offer for communication and collaboration, use search technologies effectively, appreciate how results are selected and ranked, and be discerning in evaluating digital content.</p> <p>Pupils should be taught to: use technology safely, respectfully and responsibly; recognise acceptable/unacceptable behaviour; identify a range of ways to report concerns about content and contact.</p>			
Knowledge		<p>To begin to use technology purposefully to organise, store and retrieve digital content.</p> <p>To begin to use technology safely and respectfully.</p> <p>To begin to keep personal information private.</p> <p>To begin to identify where to go for help and support when they have concerns about content or contact on the internet or other online technologies.</p>	<p>To become secure in using technology purposefully to organise, store and retrieve digital content.</p> <p>To become secure in using technology safely and respectfully.</p> <p>To become secure in keeping personal information private.</p> <p>To become secure in identifying where to go for help and support when they have concerns about content or contact on the internet or other online technologies.</p>	<p>To begin to understand computer networks including the internet.</p> <p>To begin to understand how networks can provide multiple services, such as the world wide web.</p> <p>To begin to understand the opportunities networks offer for communication and collaboration.</p> <p>To begin using search technologies effectively.</p> <p>To begin to appreciate how search results are selected and ranked.</p> <p>To begin to use technology safely, respectfully and responsibly.</p> <p>To begin to recognise acceptable/unacceptable behaviour.</p> <p>To begin to know a range of ways to report concerns and inappropriate behaviour.</p> <p>To begin to be discerning in evaluating digital content.</p>	<p>To develop a deeper understanding of computer networks including the internet.</p> <p>To develop a deeper understanding of how networks can provide multiple services, such as the world wide web.</p> <p>To develop a deeper understanding of the opportunities networks offer for communication and collaboration.</p> <p>To use search technologies more effectively.</p> <p>To develop a deeper appreciation of how search results are selected and ranked.</p> <p>To continue to use technology safely, respectfully and responsibly.</p> <p>To recognise acceptable/unacceptable behaviour.</p> <p>To know a range of ways to report concerns and inappropriate behaviour.</p> <p>To be more discerning in evaluating digital content.</p>	<p>To begin to be secure in understanding computer networks including the internet.</p> <p>To begin to be secure in understanding how networks can provide multiple services, such as the world wide web.</p> <p>To begin to be secure in understanding the opportunities networks offer for communication and collaboration.</p> <p>To begin to be secure in using search technologies effectively.</p> <p>To begin to be secure in appreciating how search results are selected and ranked.</p> <p>To begin to be secure in using technology safely, respectfully and responsibly.</p> <p>To begin to be secure in recognising acceptable/unacceptable behaviour.</p> <p>To begin to be secure in knowing a range of ways to report concerns and inappropriate behaviour.</p> <p>To begin to be secure in discerning in evaluating digital content.</p>	<p>To be secure in understanding computer networks including the Internet.</p> <p>To be secure in understanding how networks can provide multiple services, such as the world wide web.</p> <p>To be secure in understanding the opportunities networks offer for communication and collaboration.</p> <p>To be secure in using search technologies effectively.</p> <p>To be secure in appreciating how search results are selected and ranked.</p> <p>To be secure in using technology safely, respectfully and responsibly.</p> <p>To be secure in recognising acceptable/unacceptable behaviour.</p> <p>To be confident in knowing a range of ways to report concerns and inappropriate behaviour.</p> <p>To be confident in being able to be discerning in evaluating digital content.</p>

Vocabulary		Text, image, save, find E-Safety	Address, Attachment, Email, Fact File, Evidence, Header, Presentation Google, Search Engine, Research, Password Plus vocabulary learnt in prior years.	Slidecast, presentation, Security, Email Plus vocabulary learnt in prior years.	Spreadsheets, Wikipedia, Wikipedia's Five Pillars, Reliable, Wiki Plus vocabulary learnt in prior years.	Blog, Blogroll, Copyright, Hyperlinks, Podcast. Dashboard Bias, Page Rank, Revision History, Plus vocabulary learnt in prior years.	Desktop Publishing (DTP), Typeface, Yearbook, Footage, Final Cut, Creative Commons, Advert, Rough Cut Geotagging, GPS, Tracklog, Smartphone, Metadata Plus vocabulary learnt in prior years.
