

Brockton C.E. Primary School's

Bulletin

Friday 7th January

Dear Parents

We hope you have all had a Happy and Healthy Christmas and New Year!

It's been a wonderful start to the Spring Term, the children have come back to school with such a positive attitude!

They have tried so hard with their activities!
We hope they keep up the hard work.

Mrs Lockley is yet again asking for help with resources. Does anyone have any Songbird Early Readers that they no longer use? If so could we have them! We would be extremely grateful for your help.

Covid-19 Guidance

Please see current Government Covid-19 guidance for parents and carers of school-age children [here](#).

Keep warm this weekend, maybe we'll have snow!

Leon Hallmann Scarlett Pullen-Lockley Bradan Conmy Beatrix Rymer

Class 1

Class 1 have been amazing this week! So extremely sensible and hard working! Miss Martin and myself have had a lovely start to the Spring term! Our topic this term is Transport and Toys and we can't wait to get started. The children have written about their Christmas holidays (which was their favourite part or present). They are trying so hard with their spelling and handwriting. In maths we have been looking at numbers. We have counted, ordered, written and found 1 more than given numbers. The children have been listening to, copying and creating a beat in music. They have used body percussion and the musical instruments. Keep up the hard work!

Class 2

Welcome back Class 2. We have had a lovely few days. In literacy we have looked at conjunctions and what their purpose is in a sentence. In maths we have looked at negative numbers and read the scales on thermometers. In P.E Mrs Dillon has requested that the children bring in their school uniform to change into after P.E. They will be getting a bit muddy carrying out their Tag Rugby activities. Also, could the children please bring in their reading books and reading records every day.
Thank you.

Class 3

The children have been fantastic this week. Mrs Barker and Mrs Parry (the supply teachers) have both commented on how beautifully behaved the children have been. The children have been looking at poetry and creating reviews. They have learnt about Alexander Flemming and penicillin. They have also found out about a lady called Mary Anning who found the first fossils in Dorset. They have looked at the Galapagos Islands and how the animals evolved to live successfully in their habitat. They have also created ammonite art. A busy few days!

Ammonites

Brachiopods

Crinoids

Trilobites
