

Brockton C.E. Primary School's Bulletin

Friday 21st January

Dear Parents

The Mini Medics courses are near completion and Class 2 have their final lesson on 3rd February. Class 1 children are looking forwards to their First Aid sessions. Don't forget to reserve your child a place. Many thanks to Lou Madeley for running these courses free of charge.

We will be joining in with Numbers Day for the first time this year. It is a mega maths fundraising day that supports the NSPCC. The children can take part in a dress up - something to do with maths. There are ideas on the NSPCC website - letter to follow.

Parents, are any of you out there eligible for free school meals? Please look on the Government website for details. If you are, it will unlock substantial funds for your child and the school.

Mrs Cowper is in need of pringle tubes and newspapers. The children will be making something wonderful soon.

Mrs Lockley needs boxes the size of shoeboxes or smaller. We too, will be making something wonderful!

Enjoy your Weekend.

Brockton Staff

2021 - 2022 Term Dates

Friday 4th February

Number Day - NSPCC

Wednesday 16th February

Dance Festival

Friday 18th February

PD Day

Class 1

Class 1 have been reading the story, 'Train Ride' by June Crebbin. The Year 1 and 2 children have been writing their own version. They are trying so hard with their handwriting! Reception have been ordering, describing and painting scenes from the story. They are also trying so hard with their writing. Such clever children! In maths we have been carrying out addition activities. Reception have also used shapes to print trains. They look fabulous! In Religious Education we have been learning about 'The Golden Rule'. Treat others as you would like to be treated yourself. Class 1 like this rule and we are trying really hard to remember it. Bob our class alien has also been visiting different places around the world. So far we have been to France, China and Australia. The children have been carrying out gymnastic activities in P.E, Mrs Dillon is very impressed with how good the children are. A fabulous two weeks. Well done Class 1!

Class 2

In Literacy Class 2 have been looking at poetry by Michael Rosen. They have read the poem, 'The Rhythm of Life' and performed it. They have also written their own versions which are extremely good! In numeracy the children have been carrying out addition of 2, 3 and 4 digit numbers. They have also been rounding numbers and solving problems. The children have enjoyed their Egyptian topic work, they have been learning about Howard Carter and how Tutankhamun's tomb was discovered. During their science lessons, the children have been using torches to investigate the reflectivity of different materials. Class 2 have been working extremely hard, well done!

Class 3

The children have been solving problems in maths involving time. We are now very familiar with the Ludlow to Shrewsbury bus service timetable. In science we have been investigating dissolving, salt solutions, and evaporation. Using saucapans we managed to retrieve all the dissolved salt from our solutions. In literacy we have been debating fox hunting and establishing the facts opinions on this subject.
